

INFERNAL TECHNOLOGY, LLC and  
TERMINAL REALITY, INC.,

V.

Defendant.

This matter is before the court on scheduling matters and plaintiffs' motion for status conference, (DE # 100), to which defendant filed a response, (DE # 101).

The claim construction hearing is SET for 24 May 2021, 10:00 am, Courtroom 2, Terry Sanford Federal Building, Raleigh. On or before 23 April 2021, the parties shall submit to Case Manager Lauren Herrmann three copies of any technology tutorial. Sufficiently prior to that date, the parties shall communicate with the court's IT Director Bret Kelly to ensure the electronic format of any technology tutorial is compatible with the court's technology. The court prefers that the parties submit a joint technology tutorial. In such a case, the parties may submit an animated video not to exceed 30 minutes in length and a PowerPoint presentation not to exceed 25 slides in length. If the parties are unable to agree on a technology tutorial, each side may submit an animated video not to exceed 15 minutes in length and a PowerPoint presentation not to exceed 10 slides in length.

In light of the foregoing, the court concludes a status conference is not warranted.

Plaintiffs' motion for the same is DENIED.
